PHYSICAL EDUCATION

1(1):82-86 "Some Psychological Problems of Children's Play"
1(1):87-90 "The Physical Education Lesson---A Means of Raising the Work Ability of Students"
1(1):91-93 "To Raise Everyone's Health"
1(1):96-103 "Scientific Investigations in Sport---On the Level of Competitive Problems"
1(1):104-6 "Morning Gymnastics" [Exercise]
1(2):54-57 "Teaching, To Educate"
1(2):58 "Outstanding Participation at Home by Students"
1(2):59-60 "Training Feelings in Play" [Pre-school]
1(2):61-63 "Acts, Habits, and Character"
1(2):71 "Seminar in Biomechanics"
1(2):79-81 "Short Items of Importance" [Breathing, Jumping, Crossed movements, Climate]
1(3):27-29 "Further Improvement in the Preparation of Physical Culture Departments"
1(3):30 "Experimental Schools in Czechoslovakia"
1(3):31-32 "Children Should Sit Correctly"
1(3):33-34 "Mastery of Movement in Children Realized" [Pre-school]
1(3):35-36 "The Influence of Words on Raising the Effectiveness of Undertakings in Physical Exercise by School Children"
1(3):37-39 "Short Items of Importance" [The P.E. Class, Fitness tests, Right-handedness]
1(3):45-46 "Improving the Presentation of Gymnastics in Schools"
1(4):1-2 "The New School Program in Physical Education in the United States of America"
1(4):5-6 "Formation of the Physically Improved Man---An Important Problem"
1(4):8 "The Preparation of Children for School" [Pre-school]
1(4):14 "The Influence of Systematic Physical Education on the Mental Work Efficiency of Children"
1(4):24-25 "For the Health of Children---Lessons with Pupils in the III and IV Classes in the Physical Culture Cycle"
2(1):1-3 "The Legacies of Lenin are Being Fulfilled" [Background on Lesgaft Institute of Physical Culture]
2(1):4-5 "Cybernetics and Sport---Beginning Status" [A Conference report]

2(1):6-7 "Health and Culture Movement of Children" [Pre-school]
2(2):28-34 "The Physical Culture Program in the Secondary Schools"
2(2):35 "The Physical Preparation of Youth" [Conference Report]
2(2):49-51 "Physical Education of Students in the Litov Veterinary Academy"
2(2):55 "The General Physical Preparation Section" [5th-7th Grades]
2(3):65 "Moldavian Union of Socialist Republics---Development of Physical Culture and Sport"
2(3):69-83 "The Physical Culture Program in the Secondary Schools"
2(4):84-112 "The Physical Culture Program in the Secondary Schools"
3(1):1-4 "Physical Education"
3(1):5-6 "Dissertations in Physical Culture and Sports"
3(2):29-34 "Scientific Bases of Sports Technique"
3(2):44-46 "Exercises in Walking and Running" [Pre-school]
3(2):50-51 "The People's University" [P.E. Major's Program]
3(3):56-67 "Fifty Years of Soviet Psychology of Sports"
3(3):70-71 "Man is Standing Tall" [Physical Development of Youth]
3(3):72-74 "Physical Preparation Indices of School Children"
3(3):79-81 "Physiological Laws Dictate" [Learning Sequence of Motor Skills for Children]
3(3):82-83 "Development of Physical Culture and Sport in the Estonian Union of Socialist Republics"
3(4):92-97 "Problems of School Sport"
3(4):98-101 "Every Student a Researcher"
3(4):106-8 "Science---Practice" [Synopses of Four Studies: Biological Rhythm, Cortical Adrenal Glands and Endurance, Accelerated Physical Development, and Work Ability]
4(1):1-6 "The Social Significance of Physical Education in Russian Belles Lettres"
4(1):16-19 "Education of Motor Skills" [Running, Jumping, Throwing]
4(1):20 "A Defended Dissertation" [Instructing Gymnastics Technique]
4(1):21-27 "Sport and Free Time of Students"
4(2):43-47 "Physical and Mental Load Dynamics of Students During the Educational Year"
4(3):64-65 "How to Communicate Theoretical Information in Physical Culture Lessons"
4(3):70-74 "Physical Exercises and Their Combinations"
4(3):81-82 "Short Items of Importance" [Physical Load Effect on Psychological Thought Processes, Learning New Skills]
4(4):83-89 "Physical Culture in School"
4(4):90-93 "Problems in Child and Youth Sport"
5(1):24-27 "A New Battery---A New View" [Physical Fitness]
5(2):48-49 "What Attracts Children?" [Physical and Volitional Qualities They Admire]
5(2):50-55 "Requirements and Norms for the All-Union Battery of Physical Perfection 'Prepared for Work and Defense of the Country'"
5(3):56-64 "Urgent Matters Concerning the Theory and Methods of Women's Sports"
5(3):80-82 "The Optimal Load in the Development of Endurance in Teenage and Younger Children"

5(4):84-93 "Do Not Simplify the Training Program"
5(4):98 "The Significance of Typological Differences for Individualization of Teaching"
5(4):102-7 "A Conditional Form of Modeling Movements" (DIAGRAMS)
5(4):108-11 "Development of Children's Movement in Their Second Year"

PHYSICAL FITNESS

1(1):91-93 "To Raise Everyone's Health"
1(1):104-6 "Morning Gymnastics" [Exercise]
1(2):58 "Outstanding Participation at Home by Students"
1(2):79-81 "Short Items of Importance" [Breathing, Jumping, Crossed Movements, Climate]
1(3):37-39 "Short Items of Importance" [The P.E. Class, Fitness Tests, Right-handedness]
1(3):47 "Undertaking Exercise by Elderly People"
1(4):1-2 "The New School Program in Physical Education in the United States of America"
1(4):4 "Fundamentals of Health and Sports Records"
1(4):5-6 "Formation of the Physically Improved Man---An Important Problem"
1(4):15 "The Influence of Shortening the Work Day on Work Efficiency, Distribution of Work Periods and Free Time"
2(1):18-22 "Physical Development and Physical Preparation of Young Athletes in Track and Field, Soccer, and Basketball"
2(2):49-51 "Physical Education of Students in the Litov Veterinary Academy"
2(3):69-83 "The Physical Culture Program in the Secondary Schools"
2(4):84-112 "The Physical Culture Program in the Secondary Schools"
3(1):5-6 "Dissertations in Physical Culture and Sports"
3(1):7-10 "Various Characteristic Complexes of the Physical Culture Rest" [Exercises to Music]
3(1):11-16 "Index Dynamics of Physical Workability of Students"
3(2):44-46 "Exercises in Walking and Running" [Pre-school]
3(3):70-71 "Man is Standing Tall" [Physical Development of Youth]
3(3):72-74 "Physical Preparation Indices of School Children"
3(3):79-81 "Physiological Laws Dictate" [Learning Sequence of Motor Skills for Children]
4(3):81-82 "Short Items of Importance" [Physical Load Effect on Psychological Thought Precesses, Learning New Skills]
4(4):83-89 "Physical Culture in School"
4(4):96 "Soccer and Age"
4(4):100-3 "Great Sport and Specialized Harmony" [Specialized Training, Weight Lifting]
5(1):24-27 "A New Battery---A New View" [Physical Fitness]
5(2):48-49 "What Attracts Children?" [Physical and Volitional Qualities They Admire]

5(2):50-55 "Requirements and Norms for the All-Union Battery of Physical Perfection 'Prepared for Work and Defense of the Country'"
5(3):56-64 "Urgent Matters Concerning the Theory and Methods of Women's Sports"
5(3):80-82 "The Optimal Load in the Development of Endurance in Teenage and Younger Children"
5(4):108-11 "Development of Children's Movement in Their Second Year"

PHYSIOLOGY OF EXERCISE and SPORTS MEDICINE

1(1):91-93 "To Raise Everyone's Health"
1(1):96-103 "Scientific Investigations in Sport---On the Level of Competitive Problems"
1(2):64-69 "Several Questions on the Theory of Training Loads" (DIAGRAMS)
1(3):37-39 "Short Items of Importance" [The P.E. Class, Fitness Tests, Right-handedness]
1(3):48-49 "Changes in the Maintenance of Blood Keytone Bodies in Elderly People with Arteriosclerotic Cardiosclerosis"
1(3):50 "The Character of the Brain Root Processes During Muscular Work"
1(3):51-53 "First Conference of Socialistic Nations in Sports Medicine"
1(4):7 "Volume and Intensity Characteristics of Training and Competitive Loads in Volleyball"
1(4):13 "Oscillographic Observations of Field Athletes" [Arterial Oscillograph]
1(4):16 "Regulated Training Loads of 'Heavy' Athletes According to Lability of the Nerve-muscle Apparatus"
1(4):18 "Pulse, Arterial Blood Pressure and Breathing in the Woman-Sportsman in Various Phases of the Ovarian-Menstrual Cycle"
1(4):19-20 "The Meaning and Maintenance of Weight Training Essential for Increase in Muscle Mass"
1(4):21 "Development of Speed-Strength Qualities in Youngsters"
1(4):22 "Functional Asymmetry of the Legs" [Choice of Take-off Leg]
1(4):26 "Carry-Over of Training"
2(1):11 "The Influence of the Training Lesson on the Functional Make-up of the Heart-Circulatory System of Young Gymnasts"
2(1):23-25 "The Dependence of Achievement in Wrestling on Strength Preparation"
2(1):26 "The Influence of Adequate and Inadequate Loads on Somatic and Vegetative Functions"
2(1):27 "The Influence of Several Food Stuffs on the Antitoxic-Synthetic Function of the Liver in Sportsmen"

2(2):36-38 "Age Changes in Muscular Strength in Girls of School Age"
2(3):61-64 "Dependency of the Sportsman's Physical Qualities from the Level of Muscle Mass Development"
3(1):11-16 "Index Dynamics of Physical Workability of Students"
3(1):20-21 "Oxygen During the Time of Competition" [Track Events]
3(2):40-43 "Weight of the Thrower" [Discus, Shot, Hammer]
3(2):48-49 "Physical Development and Sports Mastery"
3(2):52-53 "Several Methods of Raising the Functional Capabilities of the Organism in the Process of Sports Training"
3(2):54-55 "Changes in the Heart-Circulatory System of Sportsmen in Competitive Conditions"
3(3):68-69 "Basic Principles of Motor Activity Coordination"
3(3):79-81 "Physiological Laws Dictate" [Learning Sequence of Motor Skills for Children]
3(4):106-8 "Science---Practice" [Synopses of Four Studies: Biological Rhythm, Cortical Adrenal Glands and Endurance, Accelerated Physical Development, and Work Ability]
4(1):7-13 "Questions on Methods of Instruction and the Planning of Training Loads for Weight Lifters in the Junior Classes"
4(1):14-15 "Several Regularities in the Formation of a Motor Skill"
4(2):28-34 "Perspectives in the Improvement of Speed-Strength Preparation of Jumpers"
4(2):35-40 "The Relationship Between Breathing and Movement in Masters of Sport in Gymnastics" (SEQUENCE DIAGRAMS)
4(3):60-63 "Cybernetics and Sport" [Electronic Training Devices]
4(3):75-77 "Development of Speed-Strength Qualities in Young Girls and Young Women Who Systematically Participate in Sports" [Gymnastics]
4(3):81-82 "Short Items of Importance" [Physical Load Effect on Psychological Thought Processes, Learning New Skills]
4(4):97-99 "The Sense of Distance" [Depth and Peripheral Vision]
4(4):100-3 "Great Sport and Specialized Harmony" [Specialized Training, Weight Lifting]
4(4):104-5 "Relationships Between Physical Qualities" [Speed, Strength, Endurance]
4(4):106-9 "The Influence of Physical Exercises on the Tonus of Arterial Vessels of the Head During Mental Loads"
5(1):1-6 "Scientific Work in the U.S.S.R. Gymnastics Team"
5(1):14-20 "Correlation of Breathing and Movement in Male Gymnasts" (SEQUENCE DIAGRAMS)
5(1):21-23 "Development of Several Muscles in the Lumbar Region in Sportsmen" [Soccer, Gymnastics, Wrestling]
5(2):34-38 "The Specific Character of the Influence of Training Methods on the Development of Endurance"
5(3):56-64 "Urgent Matters Concerning the Theory and Methods of Women's Sports"
5(3):65 "A Device for Determining Muscular Sensitivity of Volleyball Players" (ILLUSTRATION)

PSYCHOLOGY OF SPORT and SPORT SOCIOLOGY

1(1):96-103 "Scientific Investigations in Sport---On the Level of Competitive Problems"
1(2):76-78 "On Tactics" [Distance Running]
1(4):14 "The Influence of Systematic Physical Education on the Mental Work Efficiency of Children"
1(4):23 "Preparation of Weight Lifters to Unaccustomed Performance Conditions in Competition"
2(2):44-48 "Dynamics of Psychological Functions in Conditions of Especially Difficult Activity"
2(2):52-54 "The Law of the Dollar" [American Sport]
3(2):47 "The Negro Becomes a Champion..."
3(3):56-67 "Fifty Years of Soviet Psychology of Sports"
3(4):102-5 "Basic Structural Components of Volition in Gymnasts"
4(1):1-6 "The Social Significance of Physical Education in Russian Belles Lettres"
4(1):21-27 "Sport and Free Time of Students"
4(2):43-47 "Physical and Mental Load Dynamics of Students During the Educational Year"
4(2):48-51 "Overcoming Steady States of Fear in Sports"
4(2):52-55 "Protest on a Pedestal" [Black American Athletes at the Mexico City Olympics]
4(3):56-59 "Principles of Choosing Exercises in Training" [Transfer, Interference]
4(3):64-65 "How to Communicate Theoretical Information in Physical Culture Lessons"
4(3):81-82 "Short Items of Importance" [Physical Load Effect on Psychological Thought Precesses, Learning New Skills]
4(4):106-9 "The Influence of Physical Exercises on the Tonus of Arterial Vessels of the Head During Mental Loads"
5(1):1-6 "Scientific Work in the U.S.S.R. Gymnastics Team"
5(2):42-44 "To Train the Nerves" [Table Tennis Self-confidence Under Stress]
5(4):98 "The Significance of Typological Differences for Individualization of Teaching"

BIOMECHANICS

1(1):94-95 "Migelina Kobian and Galina Mitrokhina on the Track" [100m Run] (SEQUENCE PHOTOS)
1(1):96-103 "Scientific Investigations in Sport---On the Level of Competitive Problems"
1(1):105 "Instruction in the Take-off Technique" [High Jump]
1(1):107-9 "The Run of a High-Jumper" (SEQUENCE DIAGRAMS)
1(2):71 "Seminar in Biomechanics"
1(4):9 "Distribution of Effort in Lifting Barbells of Various Weights"

2(1):12-15 "Analysis of the Rhythm of Movement of the Discobolus" (SEQUENCE PHOTOS)
2(1):16-17 "Development of Mobility in the Hip Joint in Sportsmen"
2(2):39-40 "On the Track with Diter Lindner and Sergei Bondarenko" [The Walk] (SEQUENCE PHOTOS)
2(2):41-43 "The Backward Somersault with a Full Twist Dismount" [Rings] (SEQUENCE DIAGRAMS)
2(3):66-68 "Djula Zhivotski Throws the Hammer" (SEQUENCE PHOTOS)
3(1):22-28 "Variants in Contempory Techniques of Pole Vaulting" (SEQUENCE DIAGRAMS)
3(2):29-34 "Scientific Bases of Sports Technique"
3(3):75-78 "Are Depth Jumps Useful?" [Long Jump, High Jump]
3(4):84-91 "Electronic Vectorgraphic Systems of Express-Analysis of Movement and Their Possibilities in Sport" [Track Starts, Cycle Pedaling, the Jerk in Weightlifting, and the Shot Put] (DIAGRAMS)
3(4):109-10 "Hydrodynamic Resistance and Forward Strength of the Swimmer"
4(1):20 "A Defended Dissertation" [Instructing Gymnastics Technique]
4(2):28-34 "Perspectives in the Improvement of Speed-Strength Preparation of Jumpers"
4(2):35-40 "The Relationship Between Breathing and Movement in Masters of Sport in Gymnastics" (SEQUENCE DIAGRAMS)
4(3):66-69 "R. Matson, E. Gushchin, and D. Hoffman in the Shotput" (SEQUENCE PHOTOS)
4(3):70-74 "Physical Exercises and Their Combinations"
4(3):78-80 "A Device for Determining the Amount of Hip Joint Flexion in Gymnasts" (DIAGRAM)
4(4):94-95 "The Hit in Flight" [Soccer] (SEQUENCE PHOTOS)
5(1):1-6 "Scientific Work in the U.S.S.R. Gymnastics Team"
5(1):7-10 "A Method of Investigating Exercise Technique on the Side Horse" (DIAGRAMS)
5(1):11-13 "Vera Savenkova Throws the Javelin" (SEQUENCE PHOTOS)
5(1):14-20 "Correlation of Breathing and Movement in Male Gymnasts" (SEQUENCE DIAGRAMS)
5(2):28-33 "Investigation of the Volleyball Spike by Means of the Accelerograph" (ILLUSTRATIONS, SEQUENCE DIAGRAMS)
5(2):39-41 "On the Attacking Position" [Tennis Smash] (SEQUENCE PHOTOS)
5(2):45-47 "Diagonal Foot Placement Prior to the Jerk of the Barbell from the Chest in the Clean and Jerk" (DIAGRAM)
5(3):66-69 "V. Kozir and N. Brintseva in the High Jump" (SEQUENCE PHOTOS)
5(3):70-76 "Theoretical Mechanics in Gymnastics" [Strain Gauge Curves of High Bar]
5(3):77-79 "Accurate Aim" [Womens' Japanese Volleyball Serve] (SEQUENCE PHOTOS)
5(4):94-97 "On the Track with Valery Borzov" [200m Run] (SEQUENCE PHOTOS)

5(4):99-101 "Final Effort Technique in the Discus Throw" (SEQUENCE PHOTOS)
5(4):102-7 "A Conditional Form of Modeling Movements" (DIAGRAMS)

GENERAL SPORTS TRAINING

1(2):64-69 "Several Questions on the Theory of Training Loads" (DIAGRAMS)
1(2):72-75 "On the Way to a Record" [Sprints]
1(3):36 "Athletism, Sports, Health"
1(3):40 "Trials of Educational Work with Sportsmen"
1(3):41-44 "Generalizations and Analyzations of the Training of Qualified Sportsmen"
